

Membership Directory Addendum

*The following is a list of active-status members of the Bar, as of July 1, 2010, whose names were not published in the 2010 NHBA Membership Directory distributed in January. (*Members admitted since Jan. 2010 are denoted by an asterisk.)*

The majority of the members on this list were inadvertently omitted from the directory due to a data-selection error. We apologize for this error.

Of course, no printed directory can be as accurate or as up-to-date as the website version of the directory at www.nhbar.org in the For Members area. We encourage members to continue using the online directory, the most complete resource, with the printed pictorial directory as a supplemental resource. You may attach this addendum to the inside front cover of the printed directory.
