

Searching for an Original Will?

If you are searching for an original copy of a will that was prepared by a NH attorney who is either deceased or no longer practicing, the best place to start your search is the court's Information Center. They can be reached toll free at 1-855-212-1234 for calls from the US or Canada. (Calls from outside the US or Canada call 603-223-0392.) The Information Center staff will do their best to help you track down the necessary information.

If they are unable to help, you may be referred to the Clerk of the NH Supreme Court (603-271-2646) as there are some instances in which the Court has appointed another lawyer to take possession of the client files of a deceased, suspended or disbarred lawyer.
