The total amount of *qualified school loan debt* was **\$841,624**.

The average amount of *qualified school loan debt* per recipient was **\$120,232**.

(*qualified school loan debt* is defined as 80% of original law school loan debt outstanding at the time of hire less any prior LRAP assistance)

Due to a change in LRAP policy that lowers the maximum grant amount per person and a decreased amount of qualified participants, there is a surplus of **\$19,333**. This amount will be rolled over into the FY 2018-2019 Grant.
